Esther J. J. Verhoef-Verhallen : The Complete Encyclopedia of Tropical Fish: How to Keep, Feed and Care for Your Tropical Fish before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Encyclopedia of Tropical Fish: How to Keep, Feed and Care for Your Tropical Fish:

6 of 6 people found the following review helpful. Good, but Hardly and EncyclopediaBy J. ChippindaleI have a number of books on Tropical and Marine fish and am always on the lookout to add to my collection. However I am

always wary of books with Encyclopedia in the title. The subject of tropical fish and fish-keeping is vast and a book that covers every part of it would cost a fortune and probably break the table it rested on. It is a nice enough book and with it by your side you should be able, not only to keep your fish alive but see them thrive. It gives the more common food that is available and these days that is a great deal of food. What to do if your fish become ill and also a little about the habits of different fish.

Book by Verhoef-Verhallen, Esther J. J.
