Sasha Robinson : The Complete Flight Attendant Interview Work Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Flight Attendant Interview Work Book:

17 of 17 people found the following review helpful. I made my interview, and this book helped a lot!!!By QiaolinI don't often leave product reviews. But this book is definitely worth my time to say something! First of all, I made my flight attendant interview and has been placed to the waitlist of their next training program. On my interview day, we had about 50 people and only 5 of us left before the 3rd round. After I took my language test, I got their congratulations email the next day saying that I had been put to the waitlist of their next training program. I cant say this book would work for everyone but it did helped me a lot. 70-80% of the questions asked by the recruiters are exactly or at least extreme similar as the questions in the book. So, what I did was simply read through the book and get the answer prepared in my mind. You don't really have to note down answers of every single question in the book (because there are a lot of questions, and I did not have time to write them down.) Just read through the questions and

get them familiar in your mind. The interview I had was pretty tough, the recruiters were very nice and they tried to make you feel relaxed. But after all, an interview is an interview, questions could be very unexpected and tough to answer. They ask you about your past experience of dealing with all kinds of situation, and if you did not have such experience and nothing comes up in your mind instantly, you might be done with the interview. Read through the questions in the book really helps you feel less nervous and you will not feel unexpected when you interview with the recruiters. Last but not least, on the day of the interview, I strongly suggest that you ARRIVE EARLY, SMILE SMILE SMILE and TALK to EVERYONE before the interview, make yourself easy going and be a productive team member. Because what they are looking for is someone who could really work well as a team. 3 of 3 people found the following review helpful. Try it! It works. By Mrs. H. Very informative. This book gave me exactly what I needed. Many of the questions asked of me were in this book believe it or not, making for my interview process a complete success. I say take the chance. I did and aced my interview with confidence and just a little head of the game then my competition. It has landed me the career I've always wanted. 2 of 2 people found the following review helpful. MUST HAVE! By Daniell. I have not read this book but my sister, back and forth. She was applying for a position with Qatar Airlines. She managed to get to the final of a 3 round interview session. Actually she did so well that she was picked by the interviewers and her files and notes on her were sent to the "headquarters" in Qatar. She said reading the book along with others I purchased and downloaded onto her Kindle was the best thing she could've done before the interviews. Now the waiting game as it's up to the bosses to call her and offer her the job..

"The Complete Flight Attendant Interview Work Book" is a fully interactive, insiders guide that will fully prepare you for your flight attendant interview. It is true that only about 1 out of every 100 applicants are ultimately hired as a flight attendant. The importance of preparation cannot be understated. If you are unsuccessful with your flight attendant interview, you will typically need to wait six to twelve months before being allowed to re-apply. Correct and thorough interview preparation will help ensure you are the standout candidate at your interview and are successful the first time around. If you have an upcoming flight attendant interview and are serious about pursuing a flight attendant career, this work book will prove to be a valuable and indispensable tool for your preparation. Chapters Include: Airline Open Days, Meet Greet, Group Exercises, Grooming, Mathematics, Geography and Personality Testing Panel Interview, Behavioral Questions Answers. A word of warning, this book is not a novel, it will not simply provide you with text book answers, let's face it, you can find those anywhere on the net. This work book is designed to help you structure and deliver your answers in your own words using your own experiences. This will help you stand out from the crowd and ensure your answers are unique to you. This work book is fully interactive and will require active participation by yourself. And of course email access to our principal interview consultant Sasha Robinson, who will personally answer any queries or questions you might have regarding your interview. Sasha Robinson, the book's author, is a former international airline pilot with fourteen years experience flying the A330/ A340 and holds a Bachelor Of Science majoring in Aviation.
