**John N Peragine : The Complete Guide to Making Your Own Wine at Home: Everything You Need to Know Explained Simply (Back to Basics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Making Your Own Wine at Home: Everything You Need to Know Explained

Simply (Back to Basics):

Wine has been a staple of tables around the world for more than 4,000 years and in that time has developed into one of the most widely recognized and highly cultivated beverages in nearly every civilization on earth. From the rice wines of Asia to the grape wines of Europe or honey wines of Africa, wine is enjoyed by billions. For that reason, many people seek out ways to make and enjoy their own wine from the comfort of their homes, growing their own grapes and experimenting with a wide array of ingredients to facilitate one of the world's oldest domestic processes. Yet, without the right instruction and resources, wine making can result in just another pile of sour grapes. This book walks every potential winemaker through every process necessary in creating and enjoying wine from the comfort of your own home. From the basics of distillation to the ingredients used, homemade wine can be on your table and wowing your guests in no time. You will learn all of the basics of home wine making, starting with the wide array of ingredients available to you, including grapes and berries. You will learn what all is required to start and operate a home winery and what you may be missing right now. The basic aspects of all red wines and white wines will be detailed for you, giving you every bit of information you need to fully understand how the body and bouquet of each wine is supposed to taste and feel. You will learn how the grapes are pressed and how long you must wait between the pressing, the addition of other ingredients, and the bottling of the wine. We have also included a 16 page color insert that features pictures from various and the wine making process. For this book, more than a hundred wine makers, winery owners, and home wine experts were interviewed to gain a general overview of how wine making is done, with details about the difference between each wine, the right mixture of ingredients, the better wine taste, and the testing and trying of new things in each bottle. You will learn how to measure and affect the sulfur dioxide levels in your wine and ultimately how to take control of every aspect of your wines, from taste to dryness to odor and color. Everything you could possibly want to know about wine making and much more is presented in this complete guide for anyone with an eye for the hobby. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books.
