Steven Jay Rubin : The Complete James Bond Movie Encyclopedia, Newly Revised Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete James Bond Movie Encyclopedia, Newly Revised Edition:

54 of 60 people found the following review helpful. Exhaustively Researched, Occasionally AnnoyingBy Derek Austin JohnsonWe have, first of all, truth in advertising: Steven Jay Rubin's THE COMPLETE JAMES BOND MOVIE ENCYCLOPEDIA is exactly what it says it is, providing information on the series' actors, characters, locations and gadgets. It provides reviews of the first seventeen movies, and the history of the rift between Ian Fleming and Kevin McClory. There is a lot here. So much, in fact, that the book becomes wearisome. Mr. Rubin's entries about the various Bond searches are interesting, as are his reviews (and, no, I do not agree with half of them),

but the quality of these are inferior to the same information presented in his much better THE JAMES BOND FILMS. In addition, Mr. Rubin has seen fit to include some trivia that may tickle the diehard fan but is fairly worthless otherwise. I was also annoyed by the GOLDENEYE updates. We get few stills from the movie, and the review doesn't provide much in the way of commentary. Still, if you are a diehard fan, or even a low key one, you'll find this book pleasing and often informative. 0 of 5 people found the following review helpful. Must-have for the 007 fan By Old-and-Wise What can I say... If you are into 007 you must have this book. Alphabetical listing of all kinds of James Bond trivia, plus a lot of photos. A new addendum has info on the first Brosnan 007 film. An updated edition would be nice. I still think Moore is the best Bond of them all. The classic British gentleman... 1 of 1 people found the following review helpful. Somewhat informative, but the ratings system he has in place SUCKS ROCKS! By Kolchak the Night Stalker My main beef with this encyclopedia is the ratings that Rubin gives the movies. I COMPLETELY disagree with him on how he rated each film. His rationale is also inconsistent to put it mildly. A few of my issues with his ratings include: "License to Kill" only got 2.5 stars. Give me a break! Dalton was incredible in that movie! It was bold, took Bond on a different road---revenge! He went rogue, plenty of plot twists, Robert Davi was superb, and it was intense. That movie deserved 3.5 stars bare minimum! He gives "the Man with the Golden Gun" one star. Come on! It wasn't one of the best films by far, but it wasn't THAT bad! He pokes fun at Roger Moore's Bond and gives most of Moore's films super low scores. He blasts them for not being very serious, that there are too many goofy gadgets and silly moments....AND YET Rubin lauds the "Spy Who Loved Me" as this masterpiece? Spy Who Loved Me had Bond in a Lotus Esprit that turns into a submarine, Bond coming out of the ocean in the car onto a beach dumping a fish out of his car, the plot was basically a rehash of You Only Live Twice only under water, Jaws survives having an Egyptian temple falling on him, falls off a cliff into a house and lives, and defeats a Great White Shark, and Bond is as goofy as ever in that movie and yet Rubin acts like this is Moore's magnum opus? He also really rips into a film I think is pure garbage---"Never Say Never Again." He rips it, AND YET he gives it a high rating? Why? Just because Sean Connery was in it....sigh. The book is fairly informative, but ignore his ratings.

The one and only Bond lover's bible--fully revised and just in time for the super secret agent's 50th anniversary "A dream come true for any Bond fanatic."--Leonard Maltin "A veritable who's who and what's what of every celluloid Bondian adventure."--Los Angeles Times "A killer compilation of Bond data so meticulously researched that M would be jealous."--Prevue magazine This A-Z listing of everything 007 is packed with hundreds of photographs, thousands of entertaining movie facts, and countless behind-the-scenes details, making The Complete James Bond Movie Encyclopedia the most exhaustive compendium of Bond data ever published. Now totally revised to include updated biographical information and a sneak peek at the upcoming Bond film, Die Another Day, this bestselling Bond bible has it all: the death-defying stunts, the sexy smirks, the droll humor, the martinis (shaken, not stirred), and Q's battery of high-tech devices. For millions of moviegoers who love action, romance, and cliff-hanging suspense, the name of the game is Bond. James Bond.

From Library Journal James Bond is one of the few characters who has enjoyed a loyal following in print and on the silver screen for over 30 years, a feat rivaled perhaps only by the Star Trek crew. He has endured through several authors and a slew of suave British actors?even James Bond-lite Roger Moore couldn't detract from the super secret agent's popularity. Bond also has the distinction of being one of the few action heroes who with equal vigor has attracted men, who fantasize about being him, and women, who fantasize about being with him. Rubin here offers an A-Z listing of everything you always wanted to know about James Bond films but were afraid to ask. Beyond merely stating the facts, he also punctuates the listings with his own commentary on characters, actors, bits of trivia, etc. The text is further buttressed with hundreds of black-and-white stills. In sum, this is a rich resource for all Bond fans who will be both shaken and stirred by the multitude of factoids and photos. Recommended. ?Michael Rogers, "Library Journal" Copyright 1995 Reed Business Information, Inc. From the Back Cover "A veritable who's who and what's what of every celluloid Bondian adventure."--Los Angeles Times "A dream come true for any Bond fanatic."--Leonard Maltin, author of TV Movies and Video Guide "Best Bond book ever!"--Fred Clark, Cinefantastique magazine This A-Z listing of everything 007 is packed with hundreds of photographs, thousands of entertaining movie facts, and countless behind-the-scenes details, making The Complete James Bond Movie Encyclopedia the most exhaustive compendium of Bond data ever published. Entries cover everything from the recent return of Bond's legendary Aston Martin to the villainous Zao, Bond's newest nemesis. Whether it's code names or cool gadgets, quirky characters or quotable dialogue, this one-of-a-kind Bond bible has it all. Now totally revised to include updated information and a sneak peek at the upcoming Bond film, this edition features: Biographical entries on new characters and the actors who play them A "Brosnan Dynasty" section, detailing all three of his epic efforts More than 300 black-and-white photos that illustrate the series' span from Dr. No to 2002's Die Another Day For millions of moviegoers who love action, romance, and cliff-hanging suspense, the name of the game is still Bond--James Bond.
