William Shakespeare : The Complete Pelican Shakespeare before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Pelican Shakespeare:

4 of 4 people found the following review helpful. A Most Valuable Resource.By drohan00Having a one stop shop for Shakespeare is wonderful. As a teacher of English Literature, this volume will allow me to teach multiple plays using the same book. The notes given in the margins are helpful to the uninitiated reader. I will get lots of use out of this book. If you teach English, or even if you are interested in the bard, I would certainly recommend this version. Well edited and well organized, I highly recommend this work to any who have even a passing love of Shakespeare.0 of 0 people found the following review helpful. A Beautiful CollectionBy AndyBeautiful, complete and essential for

anyone's library. Everything one could want from a collection of The Bard's works. I didn't find the text to be too small, or the pages too thin. Contains all the plays, sonnets, songs, and poems- all annotated. A treasure. This is definitely worth the reasonable price for such an elegant book. 1 of 1 people found the following review helpful. Great collection! By Jessica Simpson Really awesome text. Contains all of Shakespeare's works and is large and easy to read. It also has tons of helpful footnotes and introductions. The paperback is a cheaper alternative to the hard cover but just as good.

This major new complete edition of Shakespeare's works combines accessibility with the latest scholarship. Each play and collection of poems is preceded by a substantial introduction that looks at textual and literary-historical issues. The texts themselves have been scrupulously edited and are accompanied by same-page notes and glossaries. Particular attention has been paid to the design of the book to ensure that this first new edition of the twenty-first century is both attractive and approachable.

From Library Journal Penguin Putnam shows true strength of Will by gathering all the titles in its Pelican Shakespeare line into a single, beautiful volume, complete with cloth covers and a ribbon marker. (LJ 11/15/02) Copyright 2002 Reed Business Information, Inc. "Here is an elegant and clear text for either study or the rehearsal room, notes where you need them, and the distinguished scholarship of the general editors, A. R. Braunmuller and Stephen Orgel, who understand that these are plays for performance as well as great texts for contemplation." Patrick Stewart About the Author William Shakespeare was an English poet and playwright of the 16th and 17 centuries, now widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist.
