Makes you think!By ChristopherI love the dark stories from Poe and they are perfect for a short read while most are short in length. Also the Poems are different as well but just right to make you think before your off to bed.

A unique, inexpensive paperback edition devoted exclusively to the author's haunting poetry contains a new introduction by a literary scholar and the complete verse of the ever-popular storyteller.

About the AuthorJay Parini who teaches English at Middlebury College, is the author of five novels including Benjamin's Crossing and The Last Station.
