Including The Poet's Craft Book:

0 of 0 people found the following review helpful. For Anyone Who Needs to Find Just the Right Word By Robert Wilmesherr Not only does this book give you a list of words that rhyme, it gives you a close reading of the words by delving into syllable stresses, and the introduction is the best and most concise handshake with the basic tools of building great-sounding lines and stanzas. Between pairing the rhyming words and finding the best phrases with appropriate syllabic stress, this book is essential to anyone looking for the best sounding words to build the best sounding stanzas and verses. 0 of 0 people found the following review helpful. Good book. By Dave Smith Old school but good. Sue Young's Comprehensive American Rhyming Dictionary is better, I think. And you should couple that with rhymezone.com which is free and quick, and can rhyme more than one word strung together for internal rhyming. 2 of 2 people found the following review helpful. I highly recommend Her books By Donnie D. Not what I expected. More So!!!! Turns out Rhyming is a whole new ball game with Rhyming dictionary. Not only one syllable..but 2..3..4..and even 5 syllable words and phrases. Takes awhile to get used to this tpye of rhyming..It goes by phonics..Not the letters..I am improving my craft .every time I need to look something up.If you are a serious lyricist or poet This book and The Thesaurus are essential.Also Any book by Sheila Davis .One book is "Successfull Lyric Writing..A workbook and text book together.And Sheila Davis has another one out. I highly recommend Her books.....Happy writing Donnie (SKYE)

This simple-to-use, exceptionally complete reference work has been updated, expanded and redesigned to meet the needs of today's most demanding wordsmiths. Included here are over 10,000 new entries--over 60,000 in all, sight, vowel, consonant, and one-, two-, and three-syllable rhymes.
