Fred Hams : The Concise Encyclopedia of Poultry Breeds: An Illustrated Directory Of Over 100 Chickens, Ducks, Geese And Turkeys, With 275 Photographs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Concise Encyclopedia of Poultry Breeds: An Illustrated Directory Of Over 100 Chickens, Ducks, Geese And Turkeys, With 275 Photographs:

1 of 1 people found the following review helpful. Well Worth The PriceBy 2fizzAs a new backyard/pet chicken (and one gosling) keeper, I've found plenty of info to help me make my breed choice for baby chicks. Lots of excellent pictures. As another reviewer said it doesn't have a whole lot of info on ducks, turkey and goose breeds but enough to

be helpful to me. I was a bit hesitant to order it in the paperback format but happily it's large, measuring 11" x 8 1/2" wide with high quality paper. It's a pure breed book so doesn't have anything on "mutt" breeds like the popular Easter Egger which lays blue and/or green eggs but like any mutt, it's probably impossible to be specific about most traits. I wondered what would be the best book for me as a beginner and this is it! I think more experienced chicken custodians would enjoy it too. 3 of 3 people found the following review helpful. This book was much smaller than I expected and didn't ... By Ribbyn This book was much smaller than I expected and didn't have all the Chicken Breeds, which is what the title describes. 0 of 0 people found the following review helpful. Great Gift for Backyard Chicken Fans By Customer I am a Backyard Chickens fan like many of you. Good book, but I got it for my mom. She loves chickens more than me and with her aging eyesight, she really enjoyed this book. Makes a great gift. Do recommend. (I want to get one for myself). BYC

A comprehensive visual guide to the main poultry breeds around the world, with information about their characteristics and how to care for them, by the popular expert in the subject.

About the Author Fred Hams is a founder member of the Rare Poultry Society. As a conervationist, Fred has helped to save and maintain several endangered breeds. In 1976, Fred qualified as a poultry judge, then climbed up the rankings to become a panel A judge. Since 2004 he has served as a consultant to the best-selling Practical Poultry magazine.
