From Iain McLean : The Concise Oxford Dictionary of Politics (Oxford Quick Reference) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Concise Oxford Dictionary of Politics (Oxford Quick Reference):

Written by a team of leading political scientists, the Concise Dictionary of Politics contains more than 1,700 entries, including new materials on topics such as NGOs, butterfly ballots, decentralization, ethnic cleansing, and direct action.

Covering political thinkers, institutions, and concepts, the dictionary has an international perspective. Appendices list the political leaders of a range of countries and international institutions.
