**From Oxford University Press : The Concise Oxford English-Arabic Dictionary of Current Usage** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Concise Oxford English-Arabic Dictionary of Current Usage:

1 of 1 people found the following review helpful. Nope words all to Small ... unless U Know Arabic then recon its ok ...By marvelous marilynArabic is an intense language to learn in the first place ...at first I told my Muslim Friend in Egypt it ALL LOOKS LIKE SCRIBBLES TO ME!haahah that did not go over very well! haahahaBottom line .. ALL

THE FONT IS SO SO SMALL TO TINY .....mix that w New to Arabic world n ALL look all so similiar to me ..I donated for fundraiser .....0 of 0 people found the following review helpful. Four StarsBy Customergreat if you already know Arabic alphabet and style1 of 1 people found the following review helpful. buy a magnifying glass!By Kostya YablokovThe dictionary itself is fine as far as telling you which words to use and giving examples of phrases. The thing that makes it almost useless to me is the horribly teeny tiny Arabic font. I honestly need a magnifying glass to read it. There are so many places where the font is so small that letters come out as big black blobs of ink instead of distinct, clear letters. Not what one would expect from "The world's most trusted dictionary."If this book is listed as a requirement for a class, I would suggest waiting until the class starts to ask the professor if there is an alternative. No doubt, they've heard complaints from previous students about this book and will have suggestions for better dictionaries.

This convenient pocket dictionary--an abridged and updated edition of the acclaimed Oxford English-Arabic Dictionary of Current Usage--is designed for both the English speaker learning Arabic and the Arabic speaker learning English. It records the different levels of usage found in newspapers, radio, television, and films, providing major Arabic dialectal equivalents for familiar, colloquial, and slang words. Ideal for the student or traveler, the dictionary includes:

"The most appropriate dictionary to recommend to English speaking students for Arabic composition--in terms of clarity, a reasonably comprehensive word list, and in terms of value for expenditure. I recommend it highly to my students."--Seth Ward, Yale University"The best reference text available for English-Arabic usage."--Karen C. Ryding, U.S. Department of StateLanguage NotesText: English, Arabic
