

1 of 1 people found the following review helpful. Not my favorite one. By PF Moore An older version, "The New American Roget's College Thesaurus in Dictionary Form" is my all-time favorite. But I thought it was time for a more recent edition. Very disappointed in this LITTLE book. Be sure to note the dimensions; it's amazing what an inch or so (or lack of) does. The new version is printed on a grey stock with small type and is hard to read. I also wish they'd kept the basic page numbers. It's an excellent resource and I use a thesaurus often in editing, but this is not one I reach for because of these "small" things. 0 of 0 people found the following review helpful. good for classes By Tatiana Bradley it's a good thesaurus to take back and forth to school, Also its compact so it doesn't take much room in my school bag which is wonderful considering that I have to carry it back and forth everyday 0 of 0 people found the following review helpful. Five Stars By Heavy Dnice

An abridged edition of the world's bestselling original thesaurus. This completely revised and updated edition contains over 230,000 words, nearly three thousand of which are newly added. The revolutionary achievement of Dr Roget was his development of a brand new principle: the grouping of words according to ideas. If the user cannot find something in a reference book, it is often because of the restriction of searching alphabetically by 'known' headwords. Dr Roget's thesaurus reversed the access to allow the user to find a word from another word, a concept or an idea. This ultimate reference tool the bestselling thesaurus ever in all its editions contains over 230,000 words and phrases, nearly 3000 of which are new to this edition, grouped into 1072 numbered categories. Within each category you'll find all the parts of speech, frequent crossreferences, commonly used words singled out in boldface, and much more. If you're a writer who needs help organising a thought or mastering the nuance of expression, the International Thesaurus remains the first source to turn to.

About the Author Barbara Ann Kipfer, Ph.D., is a lexicographer who has authored or compiled more than forty books, including the Dictionary of American Slang (with Robert L. Chapman), The Order of Things, Writer's Digest Flip Dictionary, and the bestselling 14,000 Things to Be Happy About. She received her doctorate in linguistics from England's University of Exeter.
