TalkingCock.com : The Coxford Singlish Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised The Coxford Singlish Dictionary:

0 of 0 people found the following review helpful. The Coxford Singlish DictionaryBy LighteffexorVery nice book! I think there is a version available online too, whichis updated periodically as new words emerge.Overall, a great book for those not familiar with Singlish.4 of 4 people found the following review helpful. Great book... but you can find the same thing, with updates, online!By Mark WilliamsonA wonderful collection of vocabulary for Singlish (the

creole language that is the lingua franca in Singapore) complete with examples and more....although it should be noted that the Coxford Singlish Dictionary can be accessed online at [...] and they're updating it constantly (the updates aren't added to the book, but they are added to the online version)7 of 8 people found the following review helpful. A MUST BUY if you're Singaporean or interested in SingaporeBy A CustomerThis book is the most excellent and entertaining guide to Singaporean vernacular English I've ever encountered. It's also the first to celebrate Singlish as a unique part of Singapore culture rather than denigrate it as some form of pidgin (which it's not). The Coxford Singlish Dictionary... is also extremely funny, irreverent and devilishly intelligent. The worked examples are hilarious. I especially enjoyed the 'How To' section behind, with really great cartoons. Buy it before the Singapore government (the 'Gahmen') bans it!
