**Peter A. Gail : The Dandelion Celebration: A Guide to Unexpected Cuisine** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dandelion Celebration: A Guide to Unexpected Cuisine:

1 of 1 people found the following review helpful. A fun and interesting readBy John A. LeraasA very nice little book discussing dandelions, their origins and their uses. Horticultural aspects of,dandelions and their consumption as food are discussed in a most interesting way.This volume is educational and utilitarian. Alternative health uses are

discussed but no claims are made as to their efficacy, which is appropriate. All that considered, it is a fun and interesting book to read. 0 of 0 people found the following review helpful. Five Stars By CustomerNice edition and quick shipping. 0 of 0 people found the following review helpful. Five Stars By thomgreat
