**McKenzley Morris : The Deadly Truth - Book One and Two** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Deadly Truth - Book One and Two:

0 of 0 people found the following review helpful. Great Job for such a young writer...By CustomerThis is great for younger readers who enjoy suspense and mystery...This young 15 year old writer worked very hard for a few years to see this to completion. This should be an encouragement to the young, to follow their dreams and never give up...

Ashley Butterstar is the young teenage daughter of Jason and Elizabeth Butterstar. She lives in the heart of Vernal, Utah with her parents and younger sister, Madeline. Everyday questions haunt her about her mother's sudden disappearance years before. She spends day after day trying to solve the haunting disappearance, asking questions-but her dad never wants to talk about it. Does her dad know more than he says? When no one seems to believe or listen to her, she must rely on her own instincts about her mother. But what she doesn't know is that she will have to go through thick and thin to find out what really happened to her mom, and she will find that the people she trusted most will change everything she has known.
