6 of 6 people found the following review helpful. Dated but containing valuable information stillBy Shalom FreedmanYears ago I used this Encyclopedia frequently. A set was located in the Beit Midrash of the main shul in Ramat Eshkol in Yerushalayim. Between Minchah and Maariv I would read through the entries in this encyclopedia. The work was written by respectable scholars, and with a kind of thoroughness and objectivity which my guess is , was more common then than it is today. It was also possible to learn what was for me new and valuable information from the hundreds of entries. I believe the Encyclopedia as a whole is now online. It is a valuable resource which I still make use of.
