From Adams Media Corporation : The Jobbank Guide to Computer High-Tech Companies (Jobbank Guide to Computer and High Tech Companies) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Jobbank Guide to Computer High-Tech Companies (Jobbank Guide to Computer and High Tech Companies):

2 of 2 people found the following review helpful. high tech resource book--By William D. Tompkinsgreat list of technical headhuntersgreat place to make calls when looking for a job3 of 5 people found the following review helpful. a great resourceBy A Customeri read the previous edition (1997) to the jobbank guide to computer and high-tech companies, and i must say that it was well-written. i'd recommend it for anyone looking to get an overview of who's who in an exploding industry. i'd also recommend a look at the VaultReports Guide to the High-Tech Industry, which was extremely insightful and a bit more of a fun read.0 of 7 people found the following review helpful. This book is greatBy A CustomerHey this book is great! I now can fix minor problems on my computer

The JobBank Guide To Computer High-Tech Companies is the most comprehensive resource available for one of America's fastest-growing industries. The JobBank Guide To Computer High-Tech Companies includes: -Detailed information on 5,600 computer and high-tech employers nationwide-with company profiles including descriptions; addresses; phone, fax; and jobline numbers; and hiring managers. Many listings also include e-mail and Web addresses; common professional positions; educational requirements; internships; and benefits. -Geographical and alphabetical indexes to help target potential employers by name or state. -Professional associations for computer and high-tech jobseekers. -Concise, practical guidance on all aspects of the job search-from preparing resumes and cover letters to lining up interviews. -Profiles 1,270 executive search firms and permanent employment agencies whose specialization's include the placement of computer and high-tech professionals, organized by state.
