Editors of Kingfisher : The Kingfisher First Encyclopedia of Animals (Kingfisher First Reference) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Kingfisher First Encyclopedia of Animals (Kingfisher First Reference):

0 of 0 people found the following review helpful. Five Stars By SMAH Great for young readers. Good reference book.
0 of 0 people found the following review helpful. Wonderful Book By Anonymous This is an informative and playful book about animals. The information is interesting and the pictures are wonderful.
1 of 1 people found the following review helpful. Concise and Informative By Lindsey I'm using this book as a guide for teaching my children zoology. This book is perfect for guiding the way through learning all about animals. It has enough information to get going in the subject, without being overwhelming. It is a great resource and jumping off point for learning about animals. My

children love it!

Covering mammals, reptiles, birds, insects, amphibians, and sea creatures, with an introductory chapter on general topics such as habitat, migration, and conservation, *The Kingfisher First Encyclopedia of Animals* is just the thing for young zoologists on their first research mission. The entries are clearly presented with simple, informative text and more than 1,500 exciting color illustrations and photographs, arranged thematically by animal group. Cross-reference boxes help readers move through the book and find related topics of interest.
