Title : The Kodansha English-Japanese Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kodansha English-Japanese Dictionary:

English Japanese Dictionary - For Japanese peopleBy KincaidThis edition is written in Japanese for Japanese people.Note that it is only English to Japanese.This is not the super-cool English-Japanese / Japanese English combined dictionary that every Japanese visitor brings with them. I had hoped very much that it would be. It looked similar to the one my Japanese teacher had and I could not see the title or cover art well enough to be sure.Still I am happy I bought it and it is an excellent dictionary from the most respected Japanese dictionary company in Japan.

An older Japanese dictionary, but still a very useful resource.
