Appeals to printmakers, artists, collectors, and those interested in American social history By Cora Brown Written by a collector who wanted to find a catalog of Benton's lithographs. Because no catalog existed, Creekmore Fath contacted Benton, and they collaborated to prepare this book. Well-written text describes the motivations and quest of a collector who became more of an art history detective. The lithographs illustrate many significant events and conditions of America life from 1929 to 1967. Each of the 80 full-page black and white plates contains annotations in Benton's own hand, with title, alternative titles, dimensions, publication date, edition size, and circulating organization. Contains chronology and bibliography, and index of titles. 2 of 2 people found the following review helpful. Better than I expected By Magpie1076 Love this book. It is in very good condition with the dust jacket intact. If you are interested in the art of Thomas Hart Benton this is a nice exposure to some of his works. I especially enjoy the artist's hand written comments by each lithograph describing the circumstances of the drawing. Great communications with the seller and very quick shipping. I would definitely buy from them again. :-)
