Diane Millis : The Little Green Book of Gardening: 250 Tips for an Eco Lifestyle (Little Green Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Green Book of Gardening: 250 Tips for an Eco Lifestyle (Little Green Books):

One of six titles in the Little Green Book series, here you will learn how to make choices that affect not only your own life but the planet as a whole. The Little Green Book of Gardening contains 250 tips on such subjects as organic

growing, lawn care, wildlife gardening, gardening power and products, water and garden waste. There's great advice on everything from the ins and outs of watering your lawn and digging your garden green to making your own compost and practicing green pest control.

About the Author Millis is a business journalist.
