For his bday I bought him this book and if you can imagine him trying to be hip creating his own sentences together and adding words from this book he had me rolling laughing so hard with tears.0 of 0 people found the following review helpful. Great for a good laugh...By kindredspiritsWe

brought this book with us on vacation and had a lot of laughs reading it with our friends. Our college age kids enjoyed it as well and we had kind of a challenge to see who knew the most words included in the book. It's a great gift for someone who has everything. Especially if they have teen to college age kids. 0 of 0 people found the following review helpful. Five Stars By Vanessa Marriott So cool
