Wonderful Book!By BRINKLE20It will tell you what you want to know about these little darlings but it concentrates on the French Migniette and not the german ones and it is a bit of an expensive book too.0 of 0 people found the following review helpful. Excellent pictures and descriptions, but not as many examples, as wished!By Karen MilkIt's not as comprehensive, as I would like in examples. The pictures and descriptions are excellent as usual with these catalogs!0 of 0 people found the following review helpful. Terrific resource on mignonettesBy Kathryn UngerIf you are interested in mignonettes a very good book on the different types along with their history. A great addition to any doll collector's library.

Little all-bisque dolls are known by collectors as "mignonettes", "pocket dolls", or simply miniatures. This exquisite book includes 150 rare examples ranging from the early 1880 period French examples to character kids from the 1920's. Fascinating historical information about the dolls, previously unpublished, is included. Also shown are accessories, furnishing and costumes.
