**John R. Wiley, Jim Marshall : The Marshall Bluesbreaker: The Story of Marshall's First Combo (Blue Book)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Marshall Bluesbreaker: The Story of Marshall's First Combo (Blue Book):

2 of 2 people found the following review helpful. Cool book on the Bluesbreaker,By B ManIf you enjoy reading about guitar amps as well as some famous players that used them, you'll like this book.0 of 0 people found the following review helpful. Five StarsBy Donald E. ButlerExcellent!8 of 8 people found the following review helpful. Excellent Book On Marshall Bluesbreaker AmpsBy gary borowitzIf you are into Eric Clapton and the early sound of Marshall amps, this is a must read. The book is informative and details the history of one of the best amps in the world. Im a fan of John Mayall and Eric Clapton and this is a must read. Very well researched.

For the first time, the complete story of Marshall's first ever combo amplifier, nicknamed the Bluesbreaker, is told here in *The Marshall Bluesbreaker -- The Story of Marshall's First Combo*. Highlights include: The entire history of the Bluesbreaker including the development of the JTM45 and how Eric Clapton requested the first Marshall combo amplifier; a complete listing of all the Bluesbreaker components; a guide section listing year-by-year specifications and changes to the Bluesbreaker including reissues and limited editions; listings and specifications on modern builders who offer replica and clone amplifiers based on the Bluesbreaker and Mini Bluesbreaker designs; a 16-page color section featuring original and reissue Bluesbreakers, Mini Bluesbreakers, and Bluesbreaker components; and a step-by-step guide on converting a stock Marshall Bluesbreaker Reissue into a Clapton-spec Bluesbreaker
