Merriam-Webster : The Merriam-Webster Dictionary of Synonyms and Antonyms before purchasing it in order to gage whether or not it would be worth my time, and all praised The Merriam-Webster Dictionary of Synonyms and Antonyms:

3 of 3 people found the following review helpful. Helpful book
By D. Kessler
When learning to become a proficient writer, one has to know how to not become repetitive with the same words. At least, this is what my daughter tells me. These books were bought for her to assist her in her writing skills. I have not heard any complaint so they must be helping her with her writing.
2 of 2 people found the following review helpful. Great dictionary for children
By Lexi B
Great dictionary for children. Large print is nice as they learn how to find words and expand their vocabulary.

By Customer
Bought this for my daughter to help with writing her papers. She was having problems with understanding or getting complete information online, or knowing which online reference to use for accuracy.

Master the subtleties of language with the Merriam-Webster Dictionary of Synonyms and Antonyms. This useful reference goes beyond a thesaurus, explaining the fine shades of meaning that differentiate synonyms. Alphabetical arrangement of terms makes words easy to find. This book gives clear explanations of the distinctions between synonyms. It also includes example phrases and a list of antonyms at most entries.

About the Author
Since 1937, Merriam-Webster is America's foremost publisher of language-related reference works. The company publishes a diverse array of print and electronic products, including Merriam-Webster's Collegiate Dictionary, Eleventh Edition America's best-selling desk dictionary and Webster's Third New International Dictionary, Unabridged. Merriam-Webster can be considered the direct lexicographical heir of Noah Webster. In 1843, the company bought the rights to the 1841 edition of Webster's magnum opus, An American Dictionary of the English Language, Corrected and Enlarged. At the same time, they secured the rights to create revised editions of the work. Since that time, Merriam-Webster editors have carried forward Noah Webster's work, creating some of the most widely used and respected dictionaries and reference books in the world.
