**William Everett : The Musical: A Research and Information Guide (Routledge Music Bibliographies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Musical: A Research and Information Guide (Routledge Music Bibliographies):

First published in 2005. Routledge is an imprint of Taylor Francis, an informa company.

...William A. Everett's much needed and highly valuable volume *The Musical: A Research and Information Guide*. This work provides a wonderful first stop for the researcher, regardless of level, and its user-friendly style suggests that the first stop will not be the last.
