I think it puts the language into a perspective seldom addressed by modern language textbooks. Learning the vocabulary and key grammar concepts within the framework of a working story is both fun and practical. I would recommend this to another wanting to learn Norwegian.8 of 8 people found the following review helpful. One of the best language books I've ever had!By Nina BerglovaThe Mystery of Nils was written with a great attention to vocabulary, it's innovative, fresh, fun and full of visual examples of grammar. Since I have seen so many language books before (not only Nerwegian language books) I can see the difference and this one was a very pleasant surprise for me. I am enjoying learning Norwegian with Nils and I highly recommend it.2 of 2 people found the following review helpful. There is not a lot of resources available to learn Norwegian and I like the way you naturally learn vocabulary with the story. I also like the grammar descriptions and pictures they have.
