**From Dept. of the Navy : The Nautical Almanac for the Year 2011** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nautical Almanac for the Year 2011:

For over 150 years the United States Nautical Almanac Office has published The Nautical Almanac, first as part of the American Ephemeris and Nautical Almanac, and then on its own, to provide the US Navy with a convenient form of the astronomical data used for celestial navigation. This book is still the standard resource for marine celestial navigation for the U.S. Navy. The book is produced in collaboration with Her Majesty's Nautical Almanac Office in

the UK. That Office maintains the copyright on the material it produces.

About the Author U.S. Naval Observatory and Her Majesty's Nautical Almanac Office
