Robert W. Young : The Navajo Language: The Elements of Navajo Grammar with a Dictionary in Two Parts Containing Basic Vocabularies of Navajo and English (Navajo Language Dictionary) (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Navajo Language: The

Elements of Navajo Grammar with a Dictionary in Two Parts Containing Basic Vocabularies of Navajo and English (Navajo Language Dictionary) (Volume 1):

3 of 3 people found the following review helpful. Five StarsBy JoLove this book! I'm fluent in the Navajo language but this is for my grand children9 of 9 people found the following review helpful. The "starter book" for every student of Navajo culture and languageBy Friedrich AbelThis books gives the reader an excellent first introduction into the structure, basic patterns and underlying "culture" of this highly complex language that follows totally different rules than English or French. I am an author who wrote articles and books about Navajo culture...I found the Young-book extremely helpful in my efforts to understand some of the Navajo healing chants.

This book is a source of vocabulary and grammatical information that is indispensable for teachers and students of the Navajo language. Beginning with an explanation of the Navajo sound system, the publication is followed by a 125 page long outline of Navajo grammar. The work presented is also composed of a two part dictionary: 247 pages Navajo English and 101 pages English Navajo. Young and Morgan have used painstaking care in gathering, arranging and describing the numberless complex details of Navajo language. Originally published in 1943, it was supplemented with The Vocabulary of Colloquial Navajo in 1950, using a wealth of sentence examples for each verb entry. Both publications are now once more made available by Native Child Dintah.
