E. C. Parnwell : The New Oxford Picture Dictionary (English/Chinese Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Oxford Picture Dictionary (English/Chinese Edition):

1 of 1 people found the following review helpful. Best Little Book You'll ever Pick Up for ESLBy Charlene L. CoburnThis is such a wonderful little book to use with my beginning ESL students! They not only have the picture of the objective of discussion and the word in both English and their native language it really does help the student feel more comfortable about formulating sentences and scenarios about the related objects on each page. IT's GREAT!!! Thank you!0 of 0 people found the following review helpful. Five StarsBy picture takervery useful2 of 2 people found the following review helpful. ESL Uses for the DictionaryBy M. Nel BallardAs mentioned regarding the review of the English/Korean Dictionary, I teach English as a second language (ESL) to ladies from foreign countries. These dictionaries are a big help to them and to me. I gave each student the dictionary for their native country.

Published in 1988, this dictionary continues to be a favorite of many teachers.
