**From Oxford University Press : The New Zealand Oxford Mini Thesaurus** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Zealand Oxford Mini Thesaurus:

Produced in a compact and portable format with a durable flexicover, this thesaurus is compiled especially for the New Zealand market. Alphabetically organised in a modern thesaurus format, it contains more than 150,000 similar and related words to choose from. Distinctive New Zealand English words and terms from te reo M?ori are included.

Parts of speech are clearly labelled and written in full. Labels such as informal, slang and poetic are used, with distinctive identification for New Zealand and Australian English words and phrases.
