From SVP : The Norton Introduction to Literature (Portable Tenth Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Norton Introduction to Literature (Portable Tenth Edition):

2 of 2 people found the following review helpful. Good for first time StudentsBy JoycelynUsually I hate having to

read school books. I bought this for my Columbia College English Comp II class and this book contains a lot of stories and poems to catch a readers attention. The book somehow makes learning how to write persuasive or any other type of essay more interesting than it would seem to a person that dislikes writing all together. I actually wrote less because of the helpful notes in this book.0 of 0 people found the following review helpful. Four StarsBy Customergood0 of 0 people found the following review helpful.
