I have digital copies of the most recent issues but I have started to go back and collect the old issues to track price changes for specific issues. Really good, useful books.0 of 0 people found the following review helpful. Four StarsBy CustomerGreat reference.11 of 12 people found the following review helpful. THE Comic Book GuideBy adgblueBy the time the annual Overstreet Guide is published,

the pricing on some titles may be outdated. This has been the main criticism coming from the comic book collectors' community. By the same token, it is fair to say that some of the quarterly publications overstate the value of certain titles. However, Overstreet is the only guide that offers a comprehensive, all-inclusive guide to comic book collecting. The 35th publication also includes a brand new category called the "Pioneer Age" for comics dating back to the 15th - 18th centuries. At this point, there is no competition.

The undisputed bible of the industry for thirty-five years The Official Overstreet Comic Book Price Guide is the book no comic collector or investor can afford to be without. This 35th edition brings you more information than ever before, including: **LATEST PRICING INFORMATION** On comic books, **GRAPHIC NOVELS**, and **Big Little Books**. **MARKET TRENDS AND INSIDERS TIP** The Overstreet Market Report on the comic book industry contains the hottest titles, the strongest demands, the most valuable issues, and the newest finds. **FANTASTIC PHOTOGRAPHS** More than 2,000 black and white photos plus a color gallery of Americas favorite comics. **BUYING AND SELLING KNOW-HOW** Tips on grading, collecting, and restoration of comic books.
