Dictionary met expectations but when I received the book I noticed the preprinted price on the jacket was about half of what I paid. Not happy about paying twice the publishers price. Last time I will trust without checking out price a bit more before I buy.

My family loves playing Scrabble, especially over the holidays. While playing this year, we realized that our Scrabble dictionary was very outdated. I didn't to surprise my mom with a new for her birthday and

was so surprised when I found this one on ! it is a great price and exactly what I was going to find! my mom loves it!1 of 1 people found the following review helpful. Very helpful referenceBy Good ShopperHaving played Scrabble off and on for years and used opponent's dictionary, I finally decided to get my own. Don't understand why some words are "legal" but it's a good aid for learning new words. For people who really enjoy playing Scrabble, strongly recommend. However, our more favorite word game is KEESDROW which can be played with so many variations and at such varied levels of difficulty that it's wonderful for kids or for adults, or even played by just one person. And it can be played for a few minutes or longer, as desired. We never end a Scrabble game until all the letters are used, but sometimes it's not selected for game time because it can take so long.

Here is the official dictionary of first reference for all Scrabble crossword game tournaments sponsored by the association of Scrabble crossword game players and clubs throughout the U.S. and Canada. Includes more than 100,000 acceptable two- to eight-letter words, including more two-letter words than any other dictionary.

.com If you're using the 1991 edition or the 1978 original, you're woefully behind the Scrabble-playing times. With more than 100,000 2- to 8-letter words, there are some interesting additions ("aargh," "aarrgh," and "aarrghh" are all legitimate now), while words they consider offensive are no longer kosher. Why subscribe to the Scrabble dictionary's changeable lexicon? Well, it ends the argument of whose dictionary to use, but the main reason is that it's the winner's dictionary, and why play Scrabble if not to win? Memorize those 2- and 3-letter words, and your Scrabble game becomes lethal.About the AuthorMike Bundlie started his first company at age nine, typing manuscripts for fiction authors. While in high school he started his second company, MiraView Design, with clients such as Harvard Medical, the Mayo Clinic, Pizza Hut, and numerous celebrities. After moving to L.A., Mike's client list included the Los Angeles Times, Universal Studios, PBS, and many leading actors and directors. There, he and Kevin O'Donnell began collaborating on educational entertainment properties for kids.
