The Onion : The Onion Book of Known Knowledge: A Definitive Encyclopaedia Of Existing Information before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Onion Book of Known Knowledge: A Definitive Encyclopaedia Of Existing Information:

2 of 2 people found the following review helpful. Good but very time intensive to read through By Angelina Mattioda I bought this for a Christmas exchange. It didn't really make a hit. I thought it was something I would keep for myself if I liked it enough but decided to put it in the exchange. 1 of 1 people found the following review helpful. Got it for someone else, wound up buying a second for myself By Ryan Dowell This was originally purchased as a Christmas gift. I peeked at a few entries before wrapping it up and immediately had second thoughts. Namely, "I could keep this

for myself and make a last minute run to get a replacement. They'll never know..." The recipient ended up loving the book, as did I, since I ordered myself a copy. This is a table book, you will probably read bits and pieces, not the whole thing at once. Leaving it on the table can start some interesting/hilarious discussions. It's also quite Onion-y, so if you don't know what the Onion is, you might want to find out before ordering blind (just Google it). Overall, fantastic and should come in 2-packs. 1 of 1 people found the following review helpful. The Onion does the Concise Encyclopedia Britannica By Ed Goodspeed In the Onion's typical style, many entries have enough of a basis in history and fact to be wildly entertaining, especially if you recognize where the riffs are originating from. A good example is setting Louisa May Alcott's "Little Women" in the Civil War, characterizing it as a "...semiautobiographical account of the hundreds of grotesque battlefield amputations [Alcott] performed in the waning days of the conflict. The story follows Josephine "Jo" March Bhaer and two fellow nurses as they race to remove the badly crushed and gangrenous limbs of sobbing Union soldiers who have been rushed to field hospitals, many of them with blood still gushing in crimson torrents from their open wounds. Exhausted and covered in infected pus, flesh, and sinew, the three women bond over jamming spent munitions into soldiers' mouths before frantically sawing off their arms or legs without anesthesia, and then, years later, over trying to drown out the shrill cries of agony that continue to haunt their dreams. Alcott's classic novel is still beloved by women around the world and has been adapted into several stomach-turning, almost unwatchable feature-length films." The Onion at the top of its game.

A devastatingly important encyclopedia from America's Finest News Source that contains the sum total of mankind's knowledge. Are you tired of stumbling around blindly, in an ignorant haze, perplexed by the world around you? What if there was a book that could make sense of your ultimately meaningless existence? Fortunately, The Onion, bastion of unbiased, reliable, and definitive news, has produced just such a book: an encyclopedia containing all of mankind's known knowledge. And now, in a remarkably innovative tactic bound to send shockwaves through the entire publishing industry, THE ONION BOOK OF KNOWN KNOWLEDGE is now available in a cheaper-yes, cheaper-paperback edition. Thousands of brilliant and essential text entries, colorful graphics, illustrations, and diagrams can now be yours for but a beggar's pittance. And is that not a small price to for eternal wisdom?

"An encyclopedic fun house of information and illustrations teeming with hundreds of entries covering everything from the letter A to Zibby the cartoon squirrel." Elle "One of the best works that "The Onion" has ever produced...[it] dryly parodies an encyclopedia in the most comprehensive manner imaginable." - Huffington Post Comedy "A tome so replete with knowledge [that it allows readers] to win friends and influence people." - Entertainment Weekly "Forget Wikipedia, burn all your books, and snap that Encarta CD Rom in half, because The Onion has just released its BOOK OF KNOWN KNOWLEDGE." - MSN's The Bubble "Leave it to the geniuses at The Onion, who have revolutionized the science of sarcasmic infoengineering in the weekly print newspaper format, to do the same for the venerable encyclopedia. Miraculously, in only 250 or so pages, they have managed to cram more meaningful information about our universe into one book than Google or Bing or even Alta Vista have been able to do with several times that number of "web pages". "Popmatters.com About the Author In a history spanning 24 years, eight popular books, and numerous awards, The Onion has attracted legions of loyal fans drawn to its fearless reporting and scathing commentary on world events, human behavior, and journalistic convention. Its home offices are in Chicago.
