Donald Asher : The Overnight Resume: The Fastest Way to Your Next Job! before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Overnight Resume: The Fastest Way to Your Next Job!:

4 of 4 people found the following review helpful. More than just a resumeBy M. JacobyThe older edition of the Overnight Resume did help me write my resume easily. But it also helped me with what to do with my resume after it was written. It gave great feedback on what to do - and not do - to get my resume read by the people who might hire me. It worked for me! I was able to get a GREAT job in less than three months. I do hope the new edition has an "Impact Summary" on the top of the resume. That is pretty new and very effective.4 of 4 people found the following review helpful. Great, Easy to use and read Resume BookBy A CustomerAs others have said, an excellent book for quickly generating a high quality resume easily. Have shared it with others who really valued it, too. Kudos, Asher!0 of 0 people found the following review helpful. helpful informationBy TracieThis book has tons of helpful information, and do's and don'ts. I would have gave it 5 stars but parts seemed geared to upper management.

America's job-search guru provides a great, job-winning resume overnight, including hot job-hunting techniques, and everything reader's need to know about HTML, Internet, and scannable resumes.

From Library Journal Asher, president of Resume Righters in San Francisco, assumes his readers are intelligent, sufficiently motivated, can write reasonable sentences, and know what they want to do. He stresses that "you must know what you want to do next to succeed. You will not succeed if you do not." To career-oriented readers armed with definite goals, Asher offers brevity, clear thinking, and good sense; job hunters unsure of the next step are directed to an annotated bibliography of career materials. Asher's methods encourage clear and concise writing quickly, if not overnight, and his good humor and the 15 delightful cartoons that punctuate the book make resume writing a less agonizing experience. As a case in point, his resume for Ernie the alley cat is proof positive that a resume can be created for virtually any background. Highly recommended for all resume collections.- Christy Zlatos, Northeastern Univ., Boston Copyright 1991 Reed Business Information, Inc.
