From Oxford University Press : The Oxford American Desk Thesaurus (Oxford Desk Reference Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Oxford American Desk Thesaurus (Oxford Desk Reference Series):

0 of 0 people found the following review helpful. highly recommend! great product
By CustomerI was surprise how quick I got both packages! Overall I am happy with the product and it works quite well. Exactly as advertised, speedy delivery, great price, excellent warranty stylish,convient and excellent performance not bad at all Ease of shopping

The Oxford American Desk Thesaurus puts word power at your fingertips, with more than 175,000 synonyms, including thousands of compound terms and idiomatic expressions, all in a quick-finding AZ format. More than simply lists of synonyms, entries feature a breakdown by specific word sense, with example phrases and sentences that put the entry word in context to clarify correct usage and grammar. New to this edition is Oxford's exclusive Writers Toolkit, providing guidance on such writing basics as punctuation and frequently confused words. Features: More than 10,000 entries and 175,000 synonyms AZ format for quick look-up Example sentences and phrases pinpoint correct usage Broad coverage, with entries keyed to specific senses Exclusive Writers Toolkit for guidance on punctuation and other writing basics With its up-to-date coverage and handy features, this thesaurus is a must-have for any writer.

From Library JournalThe dictionary, which is also being issued in paperback as the Oxford Essential Dictionary (Berkley, ISBN 0-425-16420-9. \$6.99), pronounces, syllabifies, and briefly defines about 30,000 common words and idioms. Definitions occasionally include clarifying examples, and biographical and geographical entries are listed at the back of the book along with a variety of quick reference information. The thesaurus, an updated edition of the Oxford Paperback Thesaurus (Oxford, 1994), is equally basic, offering simple lists of synonyms for roughly 10,000 headwords. Much of the material in both these lexicons can also be found in the recently published Oxford Dictionary and Thesaurus: American Edition (LJ 1/15/97). While potentially useful for individual consumers, these abridged works are not a necessary purchase for libraries.
