writer's toolkit. With Oxford, we all know how respected it is, but what impressed me most was the superior print face. This thesaurus did not make me go blind trying to read it. The paper is high quality that will withstand constant use of a writer, and provides excellent contrast, and in easy to read fonts. I am sorry, don't care how good the dictionary is, if it is not made to prevent eyestrain it gets low marks for me. This one gets an A+ and a big THANK YOU for that quality. 0 of 0 people found the following review helpful. Five Stars By Customer This is a very good resource book for speakers of other languages.
