From Oxford University Press : The Oxford Compact Dictionary and Thesaurus before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Oxford Compact Dictionary and Thesaurus:

0 of 0 people found the following review helpful. Five Stars By Gwenda Battilana It was exactly what my Auntie was looking for? Many thanks.

This dictionary and thesaurus provides 125,000 dictionary definitions and entries along with 138,000 alternative words. In addition, an appendix containing thematic lists of related words provides extra help with vocabulary building. It also features language panels to explain points of grammar and in-text usage notes to highlight words and phrases which often cause confusion. Help on pronunciation is given for awkward words, and alternative spellings (including US variants) are listed for words where necessary. All the information about each word is integrated within one entry.

About the Author Julia Elliott is a senior editor in the Oxford Dictionary Department.
