From Oxford University Press : The Oxford Dictionary of Synonyms and Antonyms (Oxford Quick Reference) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Oxford Dictionary of Synonyms and Antonyms (Oxford Quick Reference):

0 of 0 people found the following review helpful. It's an awesome dictionary, really helpful for translation students or

translators ...By Fabiana MirandaIt's an awesome dictionary, really helpful for translation students or translators that works with english language, its a must have! :)0 of 0 people found the following review helpful. Five StarsBy oleseagood0 of 0 people found the following review helpful. Good dictionaryBy L.A. SummerThis's a good dictionary with decent amount of vocabularies that I need to know. The dimension is fair, not too large, easy to put into a medium-size handbag. I highly recommend this dictionary to students.

Authoritative, accessible, and completely up to date, this new edition of the popular Oxford Dictionary of Synonyms and Antonyms is an invaluable guide for anyone wanting to build their vocabulary and invigorate their writing skills. Over 140,000 alternative and opposite words are given with the closest, most frequently used synonyms listed first. In addition, thousands of real-life examples of usage from the Oxford English Corpus put the words in the context of sentences, which helps the reader to pinpoint the right word quickly and easily (and avoid embarrassing mistakes). Also included are some useful appendices designed to improve your knowledge of the language: a new Wordfinder section offers a selection of thematic lists--from chemical elements and clothing to phobias and flowers--and a Common Confusables supplement highlights the crucial differences between similar words that are often mixed up. Anyone wanting a practical and accessible language guide that will expand their vocabulary and sharpen their writing skills--including families, wordgame buffs, and students learning English as a foreign language--will want this dictionary on their reference shelf.
