From R S McGregor : The Oxford Hindi-English Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised The Oxford Hindi-English Dictionary:

5 of 5 people found the following review helpful. Wish we could afford several copies.By Dan or his WifeThis is the best go-to dictionary if you are a native English speaker trying to look up a word you are reading in Hindi. I bought this for reading theocratic literature in the Hindi language and most usually the word that I need a definition for is in

this book! It has a very easy-to-follow pronunciation guide, too. I wish they had an app! Google translate would do in a pinch, but not if I have this book around. I would carry it with me in my bag and try to learn a few words a day. 2 of 2 people found the following review helpful. HELPS ALOT BUT STILL NOT PERFECT By Shawn A. Henk The dictionary is great and really does help to actually SEE what the words are. Only one problem still exists. If you are trying to learn a word in Hindi how can you look it up if you don't already know it?? BUT if you, like me, go through dictionaries and like to just look at random words and if it is something important, learn it..then you should really enjoy this dictionary. Also good for looking up hindi words you come across that you do not know. If you have a good dictionary that goes the other way English-Hindi then you could use the two and cross-reference. All and all a great dictionary and MUCH better for a student than the English-Hindi version Oxford dictionary, which is sometimes correct but sometimes just describing what words are. 29 of 30 people found the following review helpful. Hindi-English Dictionary By L. Spence I purchased this book along with 'Beginner's Hindi Script' and 'Say it in Hindi'. It is very clear. Many other books and dictionaries I have looked at use cheap, rough paper and the type does not print well on the paper. The syllable characters in this dictionary are crisp and clear; large enough to see; the English transliteration is right next to the Devanagari script; examples of many kinds are included with many of the words so you can see all of the variants and idioms. I sometimes have a problem where I can't find a word I want to know the meaning of because it is perhaps written in a tense that I need to know the root of first. However, this is due to the fact that I am a beginning student of the language, I'm sure. Looking up the various words in this dictionary has certainly helped me learn the syllabary more quickly. This is the best Hindi dictionary I have found so far.

The first new Hindi-English dictionary in over a century, The Oxford Hindi-English Dictionary is the comprehensive reference to modern standardized language, both spoken and literary. This handy paperback dictionary is designed to meet the needs of the growing number of people now learning to speak Hindi. It provides translations for over 36,000 headwords, using illustrative material to show words in use. Students of Hindi and South Asian studies of all kinds will find extensive coverage of historical Hindi, together with the most up-to-date colloquial and literary vocabulary. In addition, the Urdu vocabulary of Hindi is well represented. Providing contemporary, idiomatic Hindi and English, The Oxford Hindi-English Dictionary is the perfect reference guide for students, businesspeople, and travelers alike.

'this new dictionary, a product of over twenty years labour, is an admirable achievement and a commendable addition ... any student who purchases this one will receive ample return for the investment' Alan Entwistle Language Notes Text: English, Hindi About the Author Ronald S. McGregor has been a lecturer in Hindi at Cambridge since 1964. He is the author of many publications on the Hindi language and its literature.
