earlier one that was much smaller and the text was too tiny to see. But I lost that one in a recent move and so I bought this larger one. I spent some years in Brazil and learned the language and it is great to quickly look up a word in either language. Glad I bought it. 0 of 0 people found the following review helpful. It's a Portuguese-English dictionary By Lupita L. Rather than a Portuguese dictionary is a Portuguese-English and English-Portuguese dictionary. I bought it thinking that it was going to give me the meaning of the Portuguese word in Portuguese but it's just the translation. Also, it doesn't have a lot of words so you still have to use Google Translate or other dictionaries. I give three stars because it has still helped me a lot with my homework in Portuguese literature. 1 of 1 people found the following review helpful. Four Stars By Der Student I found this dictionary useful for my poetry study of Capoeira Martial arts. Nice Price Too!
