Joan Ross Keyes : The Oxford Picture Dictionary for Kids (Monolingual English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Oxford Picture Dictionary for Kids (Monolingual English Edition):

0 of 0 people found the following review helpful. Great for children learning english By S. Gidley This is a great book for children learning the english language. I am a teacher and we use this book with english language learning students. I just bought this book for a friend who is adopting a 3yr. old from another country this summer to help her in communicating with her and to help her learn the language. Students use this book to communicate with teachers and friends by pointing out pictures of words they want to say. When a student has something that they want to say that is not in the book, we determine what it is and then add a post it note in the book on the correct page so that they can find the word again when needed. For example, one student wanted to say "mittens" but in the book on the Winter

page it only had "gloves". We drew a small picture of mittens on a post it and wrote the word and stuck it on that page next to "gloves". Another example is "recess". We wrote that word out and put it on the page where "playground" was. We use sticky page markers on the edges of pages so students begin to learn where things are in the book and can turn to them more easily. Students also use this book during writing workshop to help them write the words they want to say. I highly recommend this book. 0 of 0 people found the following review helpful. Five Stars By CustomerGood 0 of 0 people found the following review helpful. A very good dictionary By Nuke Dog This is very good dictionary for young children. I would highly recommend this to parents of pre K and Kindergarten age children.

The Dictionary can be used by itself or with its components as a complete English language curriculum.

About the Author Joan Ross Keyes is the author of many Oxford Picture Dictionaries for Kids and Kids Readers.
