I did reduce the amount of shrimp and added three small lobster tails all I can say was YUM!! The recipes are a stretch for me but not so far out that I am afraid to try them. I did read the recipe and instructions several times before I started which is why I think my dish was a success. This is exactly the type of book that I was looking for.0 of 0 people found the following review helpful. Five StarsBy Marietta HenryGreat book1 of 1 people found the following review helpful.
