**Pierre Grimal : The Penguin Dictionary of Classical Mythology (Penguin Dictionary)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Penguin Dictionary of Classical Mythology (Penguin Dictionary):

0 of 0 people found the following review helpful. Book to readBy MariaLoved the book. Im into classic mythogoloy

so when i received the book I immediately started reading. The book was so good i even took it to work to read. If you are into mythology this is a must read  
0 of 0 people found the following review helpful. Five Stars  
By Ivanna Vance  
I love this book and since I'm teaching myself about Greek/Roman Mythology, it has been the best help!  
0 of 0 people found the following review helpful. A gift for grandson  
By Patricia K. Noykos  
My grandson thinks it's a very nice book. He's quite into mythology and read it in a couple of days.

An outstanding distillation of Grimal's classic reference, this extensively cross-referenced work offers clear and concise entries that capture the essence of Greek and Roman mythology.

From Library Journal  
There has been nothing in English like Grimal's authoritative dictionary of Greek and Roman mythological figures. Now translated, this text will be an essential source for specialists and general readers alike. Alphabetized, biographical entries are comprehensive, careful to indicate historical and literary context, free from ideology, and readable. Each entry provides extremely useful bibliographic references to ancient literature. Forty genealogical tables, two maps, cross-references, full index, and illustrations further enhance the utility of this invaluable, and sorely needed, source. Stephen Scully, Classical Studies Dept., Boston Univ.  
Copyright 1986 Reed Business Information, Inc. "This substantial and attractive book should be warmly welcomed . . . a work at once authoritative and complete with an impressive standard of accuracy: the generous cross-referencing given makes browsing an almost mandatory pleasure, and it will indeed be a learned reader who does not find something he did not previously know on almost every page." Times Literary Supplement  
"There has been nothing in English like Grimal's authoritative dictionary... this text will be an essential source for specialists and general readers alike... invaluable and sorely needed." Library Journal
