Graham Evans, Richard Newnham : The Penguin Dictionary of International Relations (Reference) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Penguin Dictionary of International Relations (Reference):

0 of 0 people found the following review helpful. Good productBy camiloIt is a gift0 of 0 people found the following review helpful. :)By MnicaEssential product for International Relations students. The perfect start. Very clear definitions of not so clear concepts of our discipline.0 of 0 people found the following review helpful. Five StarsBy

Ramiro Lozano good for what I was looking for

The Penguin Dictionary of International Relations holds the key to understanding the trends and events that have influenced international relations over the last decade. This completely up-to-date reference includes explanations of the dangerous developments that have affected international relations, such as ethnic cleansing and preventive war, as well as detailed entries on broader concepts and key organizations--from game theory to SALT, from Amnesty International to WHO. This is a must for students of the world who want to keep up with the ever-changing pace of foreign relations.

About the Author Graham Evans, currently Senior Lecturer in International Relations at the University of Wales, Swansea, has published extensively on international affairs. His previous works include The Dictionary of World Politics, written with Jeffrey Newnham.
