From Wm. B. Eerdmans Publishing Co. : Theological Dictionary of the Old Testament, Vol. 12 before purchasing it in order to gage whether or not it would be worth my time, and all praised Theological Dictionary of the Old Testament, Vol. 12:

Volume XII of the highly respected Theological Dictionary of the Old Testament expands the scope of this fundamental reference tool for biblical studies. Ranging from psah, pesah ("Passover") to qm ("stand, rise"), these

eighty-six articles include thorough etymological analysis of the Hebrew roots and their derivatives within the context of Semitic and cognate languages, diachronically considered, as well as Septuagint, New Testament, and extracanonical usages. Among the articles of primary theological importance included in Volume XII are these: par'h ("Pharoah"), psa, pesa; ("sin, offense, crime"), sebt ("Sabaoth"), sdaq, sedeq, sedq ("[be] righteous, righteousness"), qds, ades ("holy"), and qhl ("congregation"). Each article is fully annotated and contains an extensive bibliography with cross-references to the entire series.

About the Author(1917-1981) Former professor of Old Testament and Catholic Theology at the University of Bonn in Germany.Professor emeritus of Old Testament interpretation at the University of Uppsala, Sweden.Lecturer at the University of Bonn in Germany.Has translated numerous works in biblical studies and theology.
